

Instructions

Colors FA: Licorice (L), Wicker white (WW), Shamrock (SH) Lipstick Red (LR), Pure Orange (PO), Maple Syrup (MS) plus floating medium

Brushes: #6 or smaller, $\frac{3}{4}$ flat, Script liner and small fan #2 or smaller.

I used a canvas board 9" x 12" but you can use any surface with similar size

- Paint entire surface of board with licorice, let dry
- Center pattern on project then trace outline of skyline, trees and moon. Use white carbon paper.
- Paint snow (ground) using WW/floating medium as you want some of the black to show through.
- Paint moon using small brush and WW, use finger and dab at moon to remove some of the white
- Paint trees using Shamrock and small fan brush using only about $\frac{1}{3}$ of the brush and increase as the tree get bigger...see instructions below
- Trace in snowmen and outline using inky script liner with L, then paint snowmen with WW, use a #6 brush to make outline fatter with L/WW/floating medium, paint hats LR, scarf SH, noses PO, mask L, gun LR/L, arms MS, use inky script liner for all thin defining lines.
- Add snow flakes by dotting with tip of script liner using WW
